

## **Longues**

*Thank you to Pastor Bob for providing this article.*

***“I lift up my eyes to the hills-- where does my help come from? My help comes from the LORD, the Maker of heaven and earth” Psalm 121:1-2***

Longues is one of our church plants located in the most remote areas. This church is almost 5 years old and was started by Emmaus University students who are now part of our HCM pastors. Longues is a small community where people are living on poor agriculture and infrastructure. There's little or no access to the most basic necessities such as food, shelter, health care and water. Pastor Jacsene and his wife are devoted to serve this impoverished area despite the lack of resources creating overwhelming challenges. The devoted couple says the biggest problem the community faces is hunger, followed by insufficient health services, education, and jobs.

Where does my help come from? To comfort the new believers and help to solidify their faith, Pastor Nosben and his wife Phida from Difou have joined Pastor Jacsene and his wife to organize one week of spiritual activity. This outreach event brought over two dozen people to Christ. Praise God! This is where the Church rises to the occasion to bring a unique message of hope. In Haiti, we are currently living in one of the darkest days in our history as a nation. For so many, it seems that there is no way out. Where the Haitian government is non-existent, the Church is there to bring a ray of hope to those who have none. Pastor Jacsene said: as followers of Christ, we have Good News to share with those who are in despair.
